

The Link Academy – Geography Department

Year 11 – September – July 2025-26

Final Exams

Paper 1 – 1 hr 30 min

Paper 2 – 1 hr 30 min

Paper 3 – 1 hr 30 min

Summer
Term 2

Summer
Term 1

**Paper 3 – Issues
Evaluation (Pre-
Release)**

Revision and Reteach

Revision and Reteach

PPEs

Spring
Term 2

Spring
Term 1

**Challenges
of Resource
Management**

Food, Water & Energy
UK energy mix &
fracking

Nepal energy projects

Nigeria oil extraction

Fieldwork

Birmingham

**The Changing Economic
World**

Uneven development

Jamaica

Nigeria

Autumn
Term 2

Autumn
Term 1

**Urban
Issues and Challenges**
Birmingham
Lagos

Changing Economic World
Uneven development
Jamaica
PPEs
Urban Issues and Challenges

Physical Landscapes of the UK
Fluvial processes, landforms and management
Fieldwork 1: River's study of Carding Mill Valley

Challenges of Natural Hazards
Tectonic Hazards – *Nepal and New Zealand*
Weather Hazards – *Typhoon Haiyan and UK extreme events*
Challenges of Natural Hazards
Climate Change

Summer Term 2

Summer Term 1

Spring Term 2

Spring Term 1

Autumn Term 2

Autumn Term 1

Physical Landscapes of the UK
Coastal processes, landforms and management
Dorset Coast

Changing Economic World (UK)
Post-industrial changes
North-south divide
Sustainable industries
Rural landscapes

Changing Economic World
Global Development

Hot Deserts
Adaptations
Desertification
Challenges
Opportunities
Management

Places:
India
Thar
Desert

Term 1

Autumn
Term 2

Autumn
Term 1

Tropical Rainforests
Deforestation
Challenges
Opportunities
Management

Places:
Amazon

Climate Change
Evidence
Impacts
Responses
GIS

Places:
Solomon Islands
Europe

Local Area Project
Map skills
History
Physical landscape

Fieldwork:
The Link

Natural World

UK Outdoors *Fieldwork:*
Ecology *School*
Climate Change

Summer
Term 2

Summer
Term 1

Asia

Population *Places:*
Economy *China*
Climate *India*
Biomes

Spring
Term 2

Spring
Term 1

Glaciers

UK Places:
Processes *Lake District*
Landforms *Wales*
Human uses *Nepal*
Climate Change

Autumn
Term 2

Autumn
Term 1

Coasts

Processes *UK Places:*
Landforms *Holderness*
Flooding
Management

Risky Places

Places:
Plate Tectonics *DRC*
Volcanoes *Haiti*
Earthquakes *Japan*

Africa

Biomes *Places:*
Population *Sahel*
Development *Kibera*
Urbanisation *DRC*

Natural Resources

Rocks and soil
Biosphere
Hydrosphere
Sustainability
Oceans
Food, water & energy

Places:
UK

Models *Russia*
Management *China*
Urbanisation *Local area*
Migration

Rivers *Places:*
Processes *UK*
Landforms *Pakistan*
Flooding
Management

Spring
Term 2

Spring
Term 1

Weather & Climate
Equipment *Fieldwork:*
Microclimate *School*
Air pressure
UK & Global climates

**Development
& Economy** *Places:*
Poverty *UK*
Inequality *Nepal*
Globalisation

Autumn
Term 2

Autumn
Term 1

Where in the world?
GIS *Places:*
Photographs *UK*
OS Maps *Europe*
Atlases

Year 11

1. Urban Issues & Challenges
2. Nigeria
3. Challenges of Resource Management
4. Issue Evaluation

Year 10

1. The Living World
2. Changing Economic World
3. Challenges of Natural Hazards
4. Physical Landscapes of the UK

Year 9

Local Area Project
Middle East
Climate Change
Russia
Ecosystems & Biomes

Year 8

Africa
Risky Places
Coasts
Glaciers
Asia
Natural World

Year 7

Geographical Skills
Development & economy
Weather & Climate
Rivers
Population & Urbanisation
Natural Resources

**Challenges of
Resource
Management**

Food, Water &
Energy

Topic 6

Topic 5

**Changing Economic
World**

Global variations
UK cities &
economy

**Urban Issues and
Challenges**

Urban growth &
sustainability
Fieldwork 2

Topic 4

Topic 3

**Physical Landscapes
of the UK**

Rivers & Coasts
Fieldwork 1

**Challenges of
Natural Hazards**

Tectonic Hazards
Weather Hazards
Climate Change

Topic 2

Topic 1

The Living World

Ecosystems
Tropical Rainforests
Hot Deserts
